"SIXTEENTH ONE"

We sell 16 watches to 1 clock. It's a wrong ratio. I want to change it. My argument will be one of economy—cut prices. I appeal neither to "party fealty" nor "patriotism," but directly and forcibly to your pocket book. Can you support me on this platform? You may select at random with absolute certainty. I sell none but products of the very best makers.

J. G. Haebler's:

It isn't the material that goes into your repaired watch that counts to a perfect result.

Job. It is the Know How

That does the business, any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

The Comstock Index is the latest venture in Custer county. Vol. 1, No. 1, issued Oct. 20, 1900, edited by Harold O. Cooley, is before us. The Index starts out with a good patronage, and is well filled with local news. It is republican in politics, and anti-division in sentiment. With so many good qualities, we can see no good reason why the Index should not live and prosper. Here's our best.

"The Twentieth Century Forward Movement" will be the theme of the discourse at this place, on October 18th my home was invaded by a host of people, both old and young, who, after making merry with us for several hours, finally departed, leaving many tokens of their good will upon our larder shelves. They did it so pleasantly that I feel like saying I wish that they would come again. Yours truly,

WALTER E. MATTHEWS.

Royal BAKING POWDER

—Absolutely Pure—

For the third of a century the standard for strength and purity. It makes the hot bread, hot biscuit, cake and other pastry light, sweet and excellent in every quality.

No other baking powder is "just as good as Royal," either in strength, purity or wholesomeness.

Many low priced, imitation baking powders are upon the market. These are made with alum, and care should be taken to avoid them, as alum is a poison, never to be taken in the food.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

The Beacon's attempt to cast insinuations against Senator Currie's record in the senate reminds us of the fellow who "strained at a gnat and swallowed a camel." Most of the bills he voted against, of which the Beacon complains were partisan and were introduced for political buncomb, a sample of which was bill 268 asking that the army be withdrawn from the Philippines. Other bills of doubtful merit introduced late in the session when there was no time to consider them he wisely voted with the majority of his colleagues to get them out of the way of more important legislation. In voting for Senator Currie you will vote for a man that has the courage to vote his convictions and one whose judgment is not warped. In Whitney you have a "crank," at best as pliable in the hands of his masters as clay in the hands of the potter.

Ed. Walte's Murderer Acquitted.

At the trial of H. Mathews at Alliance last week, for the murder of Walte, the jeweler, the jury brought in a verdict of not guilty. Thus another man goes free of a crime, which at the time it was committed was considered one of the foulest witnessed since the settlement of the west. We are sorry for the people of Box Butte county, from the fact that it will now take the rank ahead of Cheyenne county, as to freeing criminals.—Scottsbluff Republican.

WESTERVILLE, Neb., Oct. 22, 1900. EDITOR REPUBLICAN:

I feel it my duty to inform you that before I had spent four days in the M. E. parsonage at this place, on October 18th my home was invaded by a host of people, both old and young, who, after making merry with us for several hours, finally departed, leaving many tokens of their good will upon our larder shelves. They did it so pleasantly that I feel like saying I wish that they would come again. Yours truly,

The following we clip from the Loup City Northwestern, which is in reference to the new minister on the Westerville charge: "Tuesday night a number of friends of Rev. W. E. Matthews assembled at the M. E. church and tendered that gentleman and his family a reception before their departure for their new field of labor. A court was organized and Mr. Matthews was put on trial for his conduct during his three years stay among us, and upon due evidence being taken, was convicted of having done his full duty in every particular, and of having spread seeds of kindness, and scattered sunshine wherever his duty called. At the end of the trial he was convicted, and Judge Angier sentenced him to receive \$21 and a nice lot of presents which had been brought in for the occasion, after which he received a small amount of cash that came in late. These donations were the marks of esteem showered upon a deserving man by the people of the world who do not belong to the church, but who felt their obligations to a deserving minister.

Whereas, Custer Camp No. 477, M. W. A., was called upon by the Chief Head Counsel of this universe to surrender unto Him our beloved and esteemed neighbor, Amos Noble, and while we can only submit and obey the great and supreme command, we therefore as a camp and neighbors, fraternally say and

Resolve, That we regret to lose the deceased neighbor, who was honored and loved by all who knew him, and especially will he be missed in the forest of fraternal love and around our campfires. Gone from our midst as he is, we can only say that the relatives and friends of the deceased have the entire sympathy of Custer Camp and all of its neighbors, and may his beneficiaries feel that Amos did what he could in a fraternal way, as well as in a beneficent way, in our lodge, and we again bid him fraternally goodnight. Peace be to his ashes. WM. DAVIS, M'gr.
